Chapter-1

(Introduction)

"It does help us to travel in time. I said to Aditya

'No, it does not. He said to me

"Believe me, this football helps us to travel in time". I said to him

"Anyway my Math's tuition starts at 6:00 and presently it is 5:49, so I need to go, bye," He said

"Wait I am coming too," I said

I took my bottle in my hands and took my ball and ran very fast I saw that the lift was on the first floor and was coming down.

"Perfect timing," He said

"But why is the lift not coming down," I asked him

"The lift broke at 5:45" Answered the guard.

"So not the perfect timing after all" I joked.

"HOW CAN YOU JOKE AT THIS TIME, THE LIFT BROKE DOWN AND MY TUITION STARTS IN 6 MINUTES," He said and rushed towards the stairs.

"Hey where are you going," I asked Him

"I am going to tuition by the stairs" He replied

"Are you mad your tuition is on the 12th floor ?" I said to him

"You can at least give one chance to the football"

"I don't have another option so let's try your football" He replied

I said "Kick the ball in the air and then close your eyes in your mind say how many minutes you want to go back"

I Held his arm Just as we were about to teleport My little cousin brother Pranav (Who

is two months younger than me) came and tried to scare me he touched one of my hair and we all went where Aditya and I were 18 minutes ago.

Aditya said with surprise in his tone "This ball helps us to travel in time"

"What," said a familiar voice?

Aditya and I looked back Pranav was standing right behind us.

"Nothing" I replied

"I heard Aditya" Said Pranav

"Promise you will not tell about this to anybody else," I said to Pranav.

"I do" He promised

"Than"- I was about to say thank you but he said in between.

"On one condition, tell me how it works," He said.

"Fine" I replied

I told him how does it works and while I was explaining Aditya remembered that he needed to go to Tripti ma'am's tuition (His math tuition).

He said in a worried voice "OH NO I AM LATE"

"Did you forgot that we can use the football whenever we want" I replied

"Can I please try this time?" Said Pranav in a requesting voice?

"Ok but Aditya hold Pranav," I said

After that Aditya and I held Pranav and he kicked the ball in the air. He closed his eyes but nothing happened.

Pranav asked why it is not working

I answered him "Because you are not kicking it in the air high enough"

Chapter-2

(The Mistake)

We tried one more time now it worked.

"It is 5:45" Said Aditya

"Now I don't want to be late so I will be going now, Bye"

"Bye" Pranav and I replied at the same time.

Then Pranav reminded me that we needed to go home by 6:30 PM.

When we went home and took a bath.

Pranav asked His mother "What is today for dinner"

My mother replied "Sandwiches"

I said "Yesterday was sandwich also"

She said "Yesterday was Curry and Rice"

I said that was the day before yesterday.

Pranav whispered in my ear that "I think I have set the time 1 day and 18 minutes back"

"Oh, Ok" I muttered into Pranav's Ear

Then we all slept.

When we woke up the next day Pranav found that the football was absent from its place.

We thought that mother had taken it and we got A great surprise when we got to the park.

We saw Mehul and Viraj Playing Basketball.

They were looking very happy.

I asked them "Hello, Why are you looking so happy"

They answered "Today Stavva said that he now has his football now he got the football he will not borrow our football anymore"

"How did it look like?" Pranav asked Viraj

Viraj answered "It was white football with black stars on it"

*It took us (Pranav, me, and Aditya) less than one second to know that Stavya has not taken the ball from anyone and he had **STOLEN** the ball from us.*

*Then we made **THE PLAN**.*

We made the suits for Mehul and Viraj and Pranav (who had very creative ideas but I did not know why did he not come with this idea

*before me anyways) made the smart box now
we waited for the night*

Chapter-3

(The Plan)

Now in the night, we went to J tower, Mehul said in his and Viraj's costume to the guard that "There is a Parcel for J-602" Their costume was like this-

Mehul was standing and balancing on Viraj's shoulder, And Mehul was holding Pranav's smart box in his hand.

They got to the 6th floor by elevator they rang the bell and Stavya opened the gate and he did not know that the delivery man was Mehul and Viraj and he took the parcel inside his house then the bell rang again it was Pranav he talked to Stavya and the box's lid opened I came out of the box Stavya was alone at his home because his mother was walking and his father was at the office. So I went into his balcony and took the football and I placed a

simple box I did not know what was it but I went back again to the smart box (Which I kept on the balcony) and Pranav inserted some buttons in the smart box through which The smart box could become invisible and teleport or fly, I chose the teleport option and I teleported home. Next morning when we (Pranav, Aditya and Me) went down to do jogging we saw Stavya there who was searching in the bushes and then he saw us and said to us "Have you seen MY Football anywhere because if I will not find it father will not be happy". I did not know from where he found the courage to say MY football.

Anyways everyone (In my house) is talking about the vacation to New Zealand

Chapter-4

(The vacation)

Ok so today we are going to Stewart Island in New Zealand where I am most excited about the penguins, Penguins are mine and Aditya's Favorite Animal, and they are so cute.

When we got there I saw our (Pranav and my) room and it was uhhh ok could be better.

But the view outside was amazing.

When our Parents went outside we also went to explore, we were playing on the Beach when we got far away from the hotel we found a box it had a hole saw something you won't believe me, We saw Penguins flying in the hole when I peeked in it I g in the SKY over the CLOUDS I was amazed I told Pranav about it and he said that I am telling him a lie

I said to him "Watch it yourself"

When he watched it he was also amazed.

When we opened the box we found a Penguin.

Not just a normal Penguin a Blue Penguin

He said very disturbed "Can't anyone let me rest"

He could speak.

"You can s-sp-sp-speak," I said with a surprised reaction

"Y-Y-You can hear me," He said sarcastically

"Of course I can speak, all penguins can speak," He said

Pranav and I Talked to him He was a very good and polite penguin but he did not want to be woken up from his deep slumber.

He told us something very shocking He told us His name was Joy The Penguin and the Magical Time traveling Football we had was his, He told us his story he told us that his father Vikram the penguin got the football from his father Yuvraj the Penguin and a long line like grandfathers and great-grandfathers, etc. But his grandfather, Yuvraj the magical penguin lost a battle and they secretly put the magical football in a box and threw it underwater

One day he was traveling under the water and he found a box when he opened it he found the football he slowly-slowly learned all about the football but one day he was playing with the football it got dropped in the water he tried to get it but he could not as his mother called him, He was very sad, Three years later day there was an attack from the neighboring kingdom he escaped by enclosing himself in the box in which we founded him just now it was a coincidence he was very happy and was dancing

with joy, Yeah I know it is weird Joy the Penguin dancing with joy.

Pranav thought of a plan on which we all agreed he said that "We have the time-traveling football now in our hotel room we should bring it here and then we shall go back in time and collect one more football then we would have two footballs one we will give it to you but then the other we will keep it to ourselves"

We went to the hotel room to bring our football back and when we came back we found Joy the penguin sleeping.

We woke him up.....with much difficulty.

Then I kicked the ball high in the air and then nothing happened we were surprised Pranav also kicked the ball in the air but then also nothing happened we later found out that this ball was not the real ball.

Because Joy was a Magical penguin he said he had four magical maps and pins he was only allowed to keep one so he gave the other three to us.

I asked him why he had given us three maps

He winked and said "You know it"

I understood why he had given us three maps but who was the real thief.

The penguin said "should I tell that also, Of course, it is Mehul and Viraj'

"Of course," Pranav and I said at the same time

"Second thing, Joy what is the use of this map," I asked

Sigh "Should I tell that also?" He said

"Of course who else is here," Pranav said

Joy looked around and said "Oh right so the map works like this.

He told us that we need to pin the spot on the map where we need to go.

We pinned the spot where we needed to go when we got there we saw Aditya standing with Stavya and they were talking about Stavya's football. I got there and told Stavya our story and he was very sad that his Best friends Pranav and I had stolen his football but later he was very angry because of Mehul and Viraj because they told a lie through which Stavya's football was stolen and Pranav and I were also ashamed of ourselves we apologized to Stavya

and he forgave us we made the same plan we used to uhhhhhhh Steal from Stavya's House we then took the football and we went back in time but we changed one thing from Pranav's Plan we collected three football because Aditya and Stavya were so good friends and always help us in every situation, as a gift to them we gave Stavya one football and map to him and same to Aditya. We then went back in time to retrieve one more football and then we went in the future not so forward we went where we met Joy The magical Penguin and again we found him there butSleeping Again we woke him up With much difficulty and when he woke up he again started to dance with Joy, believe me, he is a weird Penguin.

We gave Him the football and said Bye to Him and went home, Frankly speaking, he was not so bad Penguin but if he would not sleep so

much I would have made him my pet if he wanted to.

The next day I found Joy the penguin sleeping in my room with Pranav on the left side of the room on the bed. When Pranav woke up he screamed so loud that our Mothers came rushing down our room when they asked Pranav, what happened? He said that he had a bad dream our mothers went back to sleep. We asked Joy the Penguin what he was doing in our room.

He answered "No penguins of my type live now so I have- He again went to sleep.

We woke him up he continued "have decided to live with you now" He slept again, as Pranav had a Dog as a pet I needed to take care of the penguin. But the dog and the penguin will be good friends because Broozo is a good puppy.

Chapter-5

(The Time travel {a short chapter})

Now Aditya and Stavya also have football we decided to have little fun, we made 3 teams in one of the teams was Joy the magical penguin in the smart box (which Pranav made for him as he could only survive in cold weather), me and Broozo (Pranav's Pet). In the other team was Pranav and Aditya and in the last team was Stavya and Vidhyam we decided to do little time travel.

*"So what are we going to do" asked Aditya
I answered "we are going to travel in the past and future"*

So why an extra team he asked.

I answered "One team will keep the track of present and which team comes first"

"Ok, so which team is that going to be?"

Stavya volunteered for it.

Aditya asked "Ok now everything is settled how many years do we need to go back in the past"

I answered "30 Years"

All looked very surprised (Except Stavya, Vidhyam, and Joy {because he was sleeping} and Broozo).

"What," I asked

" WHAT' YOU ASK 30 YEARS IS NOT 30 SECONDS DIVIT" Answered Aditya.

"So what we don't have to make our home there we just have to explore," I said to him

He said "Oh we don't have to make home, we only have to explore, then it is ok"

Pranav asked "For how much time do we have to EXPLORE There"

I answered "30 Minutes"

"Woof" Broozo said

"OOOOKKK so everybody ready," I said.

"Yes" Everyone answered except Joy the penguin because he was sleeping.

As Aditya was about to kick the football I said "Wait"

Aditya asked "What now"

"Because you are a team of two PERSON you need to take this" Stavva gave Pranav his magical map and Pin

(Don't think that is there written Japan it is not the real map it is just a map like a map)

"Why this map also," Aditya asked

I answered "You need to cover more area so one map to you and one map to Pranav"

I woke up JTMP (Joy the magical Penguin {Actually he looks kind of cute while sleeping})

"Everyone ready," I Asked

"YES," All said (Including JTMP {Joy the magical penguin}) Except Broozo

"WOOF" Said Broozo

I kicked the ball in the air while holding Joy the magical penguin and Broozo and we went to the-

Chapter-6

(The future)

As we teleported to the future at the same time Aditya and Pranav safely reached the Past.

We were amazed to see the sight of the future and Joy could even come out from the smart box it was neither cold nor hot it was a temperature THAT WE WANTED the future was amazing.

*We wanted to stay at what is written here,
yes Central Plaza, but we went to our society
in Noida now we were equally surprised at what
had happened here it was now a laboratory!!!!*

*We went inside we saw people not people but
ROBOTS!!! Wearing white lab coats we went to
one of the robot scientists we said to him*

"Hello," I said

He replied "000100

1010010

0011001

0011001

111101

I said "Excuse me"

*Then afterward I realized he was talking in
Binary code language.*

000100=H

1010010=E

0011001=L

0011001=L

111101-O

He was saying hello to us.

The future sure has a lot of surprises if you were not there to witness it with your eyes.

He asked us in binary code why were we not robots and we were not speaking the binary language.

One piece of advice I am giving to you whenever you go to the future take a notepad because it takes hours to decode a binary code.

I asked "him what happened"

Anyways what he told us that was surprisingly shocking.

He said in binary language that his name was STAVYA.

Yes I know WHATTTTTTTT

He took me to a corner and he took his white lab coat off and he pressed a button on his robot suit and then his robot suit I do not know what happened there but I saw an uncle of the age of 40 and I asked him who he was- wait a minute when I was in the present Stavya was 10 years I came 30 years in the future it was STAVYA.

He said to me "I do not know who you are and from where you have co-"

I replied without taking a breath "I am Divit I came from the past for fun but when I came here I got surprises of a huge amount.

He replied in a shocked voice "DIVIT but you died 7 years ago-

"Whaaaaaaaaaaaaaaaaat," I said in a shocked voice

Chapter-7

(The tale of M&V)

He applied for a leave from the robot scientists and took me to robots and took me to his home and told me about my death what happened where it happened how it happened.

"8 Years ago in the war against the evil doctor M&V they created a huge army and the ultimate weapon

The staff of Dragon was handed over to Doctor V

And the eternal rainbow dagger was handed over to the Doctor M-

"Wait a minute who is DOCTOR M&V?" I asked him

"Wait first hear the full story you will know about it later" Stavya answered

"They were at that time humans all of us were humans but when they use the eternal dagger and Dragon staff together anything can happen now they are the leaders of all robots, some Robo- I mean humans were against it and you were also you had the weapon equal to them - You Had the Swords of Time

And Pranav was also with you he had the Axe of space

Pranav and your weapons if were combined it was equal to the combination of the ERD (Eternal rainbow daggers) and dragon staff now when some humans Pranav and you went to the tower of combatting It was dark as the galaxy without sta-

"How do you know about this," I asked

*He replied with a big sigh "Divit some people came back from the war and some didn't and who did had many wounds I was one of them
Now let us continue*

"Stars it was impossible to see what was there but with the brightness of brightness bow which I had we could only see what was ahead of us by 3 cm it was just like a spooky scary mansion.

"As we could have a surprise attack we stayed in groups of 2 total there were 508 teams Pranav and you were in one team I and Shreyas (My brother's Friend's elder brother's wife's Little brother's mother's uncle's twins' friends' second brother twice removed.) In another team"

"Wait what whaaat"? I asked him

He said "Nothing Wait I am coming I am going to get some water"

As soon he went into the kitchen to drink a glass of water I saw a huge flash of Blue light.

I saw a very fascinating and shocking something what was it yes I think a Vision was of Stavya and a giant yes a giant robot they were in the KITCHEN!!!! I saw nothing more I rushed to the kitchen but what I thought was the kitchen was not the kitchen it was the bathroom I rushed into another room which I thought was the kitchen but it was the bedroom in I think his wife was sleeping. I again rushed into another room finally it was the kitchen I There saw Stavya not what I expected he was not doing anything I thought he fainted but there was something weird he had some weird button in his hand.

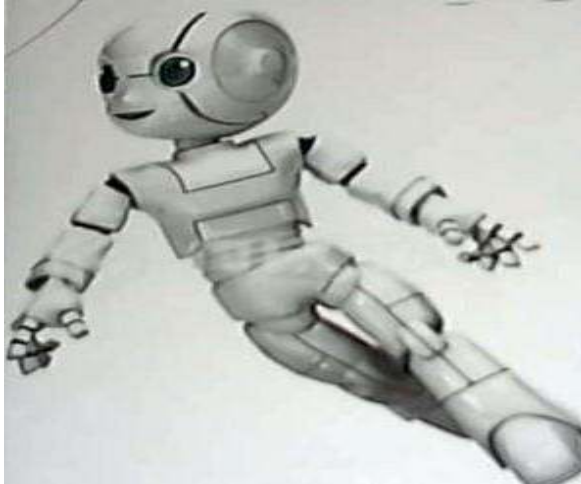

I pressed that weird button and -----

Chapter-8

(The second dimension)

Whoosh a portal opened nearby me and JTMP (Joy the magical Penguin and don't forget Broozo) went in and what we saw there was a sure not surprise it Is a boring word to describe the amazingly cool and magical world we had there even Broozo's Eyes got bigger than an apple and JTMP who was sleeping but when we got there by a miracle he woke up HIMSELF!!!

Yeah, he did it HIMSELF!!!!

*OK sorry I am excited but wait a minute where
are we some, robots are, wait a minute for
what they*

*Are flying in the air not with their machine's
help WOW*

*"Now where are we Stop pulling my Shirt
Joy," I said*

"No you need to see this," He said

*"WOW STAVYA!!" I was surprised to see
Stavya*

"Hey so you are here" He replied

"I am tired of finding you"

I asked Stavya "Where are we"?

*He replied we are in the Second Dimension
created by many other people who came
back from the war but with injuries"*

"So what is special about this place?" I asked

He replied "It is like a Robot Heaven"

"Woof" Broozo said

"Shhhhhhhh Broozo bad," I said

*"Aww Sorry but keep quiet," I said to cute
Broozo*

*'Aheeeem" He said to catch our attention
which we did not throw*

*"Wait WHAT robot Heaven so you are dead
Stavya"*

"No, I said it IS like a robot heaven not totally is robot heaven"

"OHH," I said

"Ok so what"- He was saying

"Oh OK," Joy the magical penguin said

"OK so what was I saying," He said

"Yes, so what are"-

"Woof" Replied Broozo to Stavya's unspoken sentence

Stavya said angrily "STOP NOW LISTEN"

"Chill bro," I said

"Yes Stavya," Said JTMP (Joy the magical penguin)

"Sorry," He said

"Yes so as I was saying this is THE SECOND DIMENSION," HE said while trying to echo his voice

"Stavya should I tell you this is no Movie so just stop the special effects," I said to him

"Listen," he said to me

"This is the place where some last humans make plans to retake the world from the robots." He said

"So I will continue the rest of the story let's go back to my house"

We were about to exit a Portal when some Robo- I mean human came and said to Stavya while looking surprised to see me. That the robots now know that we have built this second dimension but he told us even more bad news he said the Robots were from THE DOCTOR M&V's Army.

"OH no" Said Stavya

"Activate the inferno classic time being human-machine and activate the red portal"

I replied "Inferno clabienhuma WHAT"?

The human said "OK"

*Stavya said "Come now fast I will tell you
about it later"*

We saw a huge red portal.

*As soon as we entered it we didn't know at
least I didn't know because Stavya knew
that where we are.*

"Yes so where are we," I asked

"He said we are at the hum-"He was about to answer.

Joy kicked him in the leg and said "Stop we cannot even remember your inferno classic time being human machine's name so how will we remember this place's or whatever this is we don't even know where you have taken us is this a hotel which I don't like and why am I feeling so hot ahhhh"

He was sitting over an egg which was kept over the frying pan which was on at High gas he quickly jumped off from the table and took the egg in his hand and went in his smart box.

Well only one thing I can say "Weird"

The man standing near the gas (I guess he was the one cooking) said "Nooooo this is my fifth egg being ruined" And he ran away to an (I don't know) room maybe or he also

mistook it to the kitchen to be the bathroom like me.

Stavya said "He should not kick me in the leg when he knows the name of the machine and what why Broozo sees Divit he also founded it funny.

He continued "And Divit why are you also laughing secretly"

I Said "Nothing you tell us the name in short form"

He sighed louder than a seal "P.E.N.G.U.I.N"

I said "WHATTTTTT this is the name of this place In SHORTFORM"

He replied "NO that is the name of the entrance only"

The human who came to tell Stavya about the robots came to us and whispered something into his ears

Stavya said (I mean whispered something into his ears)

"Ok so will you whisper a little low I am getting to hear everything Aditya (Yes I know the same Aditya) and Stavya and I am no spy for your kind information," I said

A surprised Aditya replied "wait for ho- Oh right I think you have the power as now you are in the future"

Now it was my turn to be surprised "Wait what Powers?"

Stavya said, "IN the future every"-

Some other human interrupted between his sentences "we are under attack RUN"

*Stavya said "How did they found us even here"
"There must b"- Aditya was interrupted by a
huge blast of the P.E.N.G.U.I.N (Only the
entrance)*

*Stavya said "Noooo Not the Post (P) Entrance
(E) Natural (N) Guide (G) U, OUCCCH!!! Joy
stop kicking me in the leg I also have feelings
I also feel pain and Divit why you and Broozo
are eating popcorn and laughing at us This Is
not a comedy show.*

≡

*I said "This is not a comedy show then you
give me Broozo and my ticket's money back," I*

said while pointing my finger at the human that told us about the attack.

Stavya said "What Wakiya you took money from him and you seriously thought that Joy and I are doing a comedy show"

The guy named Wakiya said "SO it wasn't a comedy show after all but you and Joy do some serious comedy"

Stavya hit his forehead with his palm.

He said "Activate the giant turbo booster HJRS"

I said "What is that"

He replied "It is a Magic broom which flies in the air and for safety in your bag has some rocket shoes like shoes but flying shoes" He explained to me while handing me a bag and a Broom which he said was magical.

I said "Ok, let's go"

Not bad.

As we were flying I remembered something.

I said to Stavya "Stavya-"

He said "Divit"-

I said "You calling my name would be more important than me calling your name so you speak"

"You must be thinking where we will go next I am right," He said to me

I said to him "I realized one thing"

He said "What"?

I said "That me calling your name is more important than you calling my name"

"Ok, what did you wanted to say"? He said.

I said "I came from the past I also need to go back there"

"Oh right, so how did you, ok the magical football I know it joy don't kick me in the leg now"

"Umm how would JTMP kick you on moving broom Stavya"

"Oh right," He said to me

"And wait who is JTMP"

I said to him "Joy the magical penguin"

Stavya said to me "Oh right and you said we are on the magical broom"

I said to him "So what"

He said "Oh now I get it"

I said "What"

"We are all on the ground but you are sitting on a donkey and JTMP is beneath actually his

box is beneath the donkey and it is looking like he is an egg," He said

I looked down to make sure that he was not making a fool of me to my surprise I was sure sitting on a donkey I jumped of it as fast I could and I said to Stavya.

"A donkey does not gives an egg"

All the other present Laughed at this little comedy show.

I said "Oh right so as I was saying I need to go back to the past"

Stavya Said, "So what should I do
Owwwcchhhhhh Joy stop kicking me in the leg and what was that for"?

I asked Joy the same question.

He said "Because"-

He was dragged inside his box or he did not have an answer.

Stavya said "Well I have to go to the robospital"

I said "Robodwsygd what"

He said "A hospital for robots"

I said "Why"

He said "To get my leg fixed and maybe get an armor that only protects us from Penguins whose names starts with J and ends with Y and has a letter in between O"

I said "Weird, anyways bye I will go now"

"Wait now I remember, Doctor M&V are -

But it was too late, I kicked the football in the air and we were back in the past.

Chapter-9

(The Past and Powers)

"So what should we do now Pranav," Aditya said

Pranav Said "Explore"

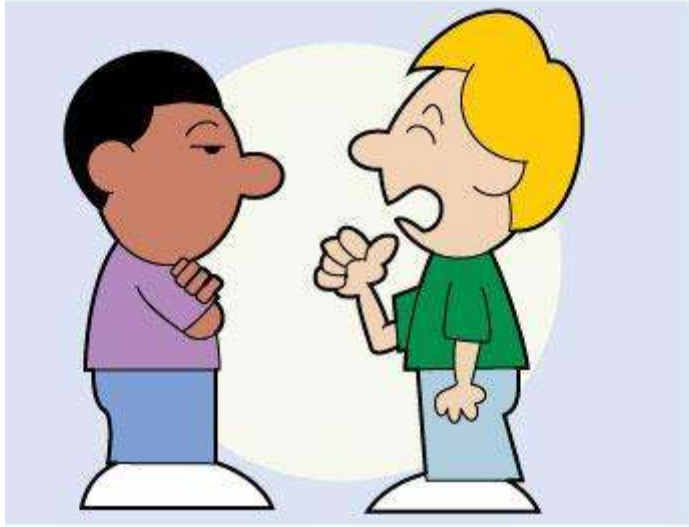

"That I know" Said Aditya

"So why are you asking then?" Pranav Asked
Aditya hit his forehead with his hand.

"Are you ok?" Pranav asked

"Yes I am fine" Aditya replied

Pranav Said "Ummm ok"

Aditya Said "So let's Explore, You go in the south and west and I go in the north and east"

"Ok just one question" Pranav Said

"What"

"Where are south and west?"

"I don't know"

"So let's go in different directions"

Pranav and Aditya started walking in different directions.

15 minutes later-

"Hi mister please give me some water" Pranav Said

"Pranav it's me Aditya" Aditya waved his hands in front of Pranav's Eyes.

"Oh, Hi Aditya, Wait a minute where did the man disappear whom I asked for water"

"We sure have to get you some water"

"Why"?

Aditya Just Shrugged

"Who are you, and why are you here," said someone behind Aditya.

Aditya Jumped and was about to scream but then the man who looked like 87 years old put his hand on Aditya's Mouth Signaling to Aditya that does not scream I don't mean you any harm.

Then the old man grabbed Aditya and Pranav in his house.

Aditya was about to scream {I seriously don't know what happens to him}.

Then the old man said to Pranav "You look familiar"

Pranav said "Please give me water"

The old man came back with a cup of cold water.

While Pranav greedily drank the water the old man continued "

"What are you two doing here," Asked the old man

Aditya was fainted due to the lots of screaming efforts (In which he did not

succeed)

"We are just exploring" Said Pranav

"You are not from the past I think you are from the future," Said the old man

Pranav and Aditya (Yeah he woke up) Gaspd when the old man said this.

Pranav Said, "How do you know?"

"Well, I know everything"

"What do you mean, who are you old man," He said while taking out his sword (Oh, wait he did not have a sword, I forgot)

"Calm down, I know what happens in the past, in the future, and the present, because I have THE GIFT"

"But now because I am too old it is of no use for me so I thought of giving it to someone, but your friend here looks fainted (Aditya again), I think you should get it"

"How do I know that you will not harm me"
Pranav Said

"Oh you don't," The old man said "Maybe I will harm you, But it will not be intentionally if I harm you"

A sinister smile appeared on the old man's face.

"No," Said Pranav "I will not go with you"

"Oh you will not," Said the old man

"I will force you" He added

Then everything went black.

15 minutes later-

Aditya waked up and looked around but saw nothing, He went out of the door but still saw nothing except a Horse and a Dog

"Where is the old man and Pranav," He thought

Then he saw a shining piece of paper-

"Careful you must be,

If you choose the wrong

Your friend, you may never see"

What does this mean? He thought

He read the riddle again and again finally he said to himself "Oh right, I have to choose the correct Animal either the dog or the horse"

"But I have to make this decision correct because it may end up that Pranav will be stuck here"

He was about to put his hand on the horse and kick the football in the air but a very strong wind blew his hand and he kept it on the dog.

And then he kicked the football but he traveled too ahead he went in Stavya's Time, "What are you doing here," asked Stavya (Aditya did not know about Stavya in the future)

He used the football to go in the present but he heard an explosion sound just before he completely disappeared.

He then reached the present where I along with JTMP, Broozo, Stavya, and Vidhyam were waiting for him.

"Something terrible has happened we need to find the cure fast," Aditya said without stopping in between.

Chapter-10

(Finding the cure)

"You went to the past and found an old man he cursed you and you turned in a dog," I said to Pranav (Kind of cute in his dog form).

"Woof," He said

"No I cannot understand you Aditya told me what happened Yesterday night," I said to Pranav dog

Ok, I regret those words he was sad, and when a dog is sad, I lose my mind.

"We will try," I said "To find a cure for you Pranav, We will try"

"Next day we will go to the old man beyond the ruins I think he will know your cure"

Aditya Said "NO enough old man for 100 centuries in my life."

"Are you sure you will live that long?" Stavya Asked

"I don't know" Aditya replied

"So that's it we are going to meet him behind the ruins," I said

The rest of the day went normal we ate our breakfast, did our homework, Played fetch (With Broozo and Pranav the dog), ate our lunch, went down, came up, had our dinner, watched television, and went to sleep.

We went behind the ruins, we found the old man in his cottage.

He was very sick, but still wise, he told me where to find my wristwatch and my socks which I lost (Actually my wristwatch was in my pocket).

We told him about our adventures in the past and the future, but he was the most surprised when we told him about the old man who turned Pranav into You-Know-Who (He reads my diary, you know).

Anyways, he had a surprised expression you know when you get to know that you were

possessed and you are going to do horrible things, yeah that kind of expression.

He took out his sword (Hey, I did not know he had a sword) and ran towards Pranav.

We stopped him but his electric sword touched Pranav's eyes (TOO PAINFUL TO WATCH) and then there was a flash of blinding light, after that, we saw the old man on the floor and where Pranav should have been a dog there was a shadow on the floor, We were scared we saw up and saw Pranav but in his---

Chapter-11
(The powers of the phoenix)

We saw Pranav but now he was in the form of a phoenix.

Our jaws touched the ground (I mean not literally).

My heart was broken first a dog now a phoenix, when will he get back to his normal form.

We were still sad when we saw a piece of paper floated through the window and rested on Aditya's hand, It Was a Riddle-

*It is special, it is a plant,
You will find it on Mount Karko
Find the plant, your wish it will grant,
But beware of the sly Marco.*

"Aww man, Can't the riddles end?" Aditya asked.

"Anyways, we need to go to Mount Karko," I said

"But that's like 1,00,000 km away" Said Stavya

I said to the others "And I thought that I was the only one who forgot that we still have Pranav's Smart box"

"Right," they said

I mean, seriously who forgets the creations of the Great Pranav (Wait a minute, what the-)

Anyways we made a plan, which I will not tell you, so you would have to read this book further.

But I will tell you one thing, Mehul and Viraj are coming.

I know, who takes two people who steal the magical football and we take them on our adventures, like man seriously.

Anyways turn to the next chapter.

Chapter-12

(A small visit to Mount Karko)

We packed our bags and, we just went in the smart bow made by Pranav (Who did not come with us for the mission)

Sniff. Tear**

Anyways we chose the teleportation option and we teleported to Mount Karko.

Wow, the views of the mountain.

So, let's move to the starting of the plan, But before that, I am keeping an eye on Mehul and Viraj, Like I still don't know why we brought them, and I am not a bit happy with that, you know.

Ok, let's start, As we know that Mountain has a top point we went to the top point to get a good view, As we reached the first half of the mountain the ground began to shake.

Then a creature came out of the ground

We knew who it was... MARCO....

We had no weapons so we started to pick sticks and stones of the ground.

But I also had to try the smart box so I chose the button on which there was a weird sign of two weird weapons clashing so I quickly pressed that button having complete faith in my pheon-I mean brother.

Just as I did that the two little weird weapons came into my hand and as soon as they did, I felt like I was being energized.

I was in rage mode, I quickly made it past through Stavva and Viraj, I slashed those

weapons into Marco's heart, He was bleeding but did not stop, I quickly did a back jump and slashed the weapon in his stomach, There was a flash of blinding light and that's when it struck to me, his sharp hand it was in my stomach I was no longer a life form I was floating in the middle of nothing when I felt a force taking me back to the earth I would have screamed but I did not have a mouth, I wanted to move but where were my arms they were nowhere to be seen.

Then I came back to my real form (Body).

Stavya, Aditya, Mehul, and Viraj were shocked.

If I would have been in their place I would be too but when they told me what happened It was more than shocking!!

"As you ran towards Marco to slash him we all stopped and the moment you slashed that weird weapon in his stomach, There was a

*flash of blinding light and you disappeared,
Even Your Body, But in replacement of your
body there was a black and blue flower*

*Then we collected it and we knew what it was
... The HERB ... We knew it was the answer but
you were nowhere to be seen, So we waited
and waited then we heard a Scream, It was
your scream then you appeared, So did HE."*

*I looked back, suddenly streams of tears
flowed from my eyes, For it was Pranav -Not
the phoenix, the real form- I rushed to hug
him but I felt hot, very hot I remembered he
had been in his phoenix form, but still I
continued then my eye caught something,*

Mehul, he was looking on the ground biting his nails.

"What's wrong," I asked Mehul

Everyone looked to me, finally, Viraj dared to speak,

"While you were gone time-lapsed more" Said Viraj

"What do you mean"? I asked him

"You had gone away for 6 years"

"Whattttttt-"

Chapter- 13

(Zack and Alice)

"What did you do till then" I asked them

"As we thought you were dea- I mean you were not able to Feel or move so we made some new friends Zack and Alice" Aditya answered

"That's all?"

"Wow looks like I only missed one day" I said I tried to forget everything, it worked fine.

Half of the year went uneventfully, but then it came, THE LETTER.

But hey wait what is-

What there are no humans only robots?

For the first time I visited the city and looked around.

*And where are Mehul Viraj and Zack Alice,
Mehul and Viraj left in a hurry after I revived
And Zack and Alice were nowhere to be seen.*

*Then taking my mind of the things I focused
on the letter.*

*But Again as I started to read the letter I
was interrupted by Stavya*

*"And we also got some cool weapon, the Said
Stavya brightness bow, swords of time and axe
- wait isn't that what i- Old Stavya told to
you that there were these weapon for the
war".*

*"Yeah and I noticed you are a little bigger too
Sta- wait yes the War". I said*

*I read the letter as fast as I could it was
written,*
